21st June 2018

Dear Parents and Carers,

We are writing to ask for your feedback on your experiences as we near the end of your child's academic year in Year R.

As your school governors, we feel that it is very important for us to be able to reflect on the views of parents and carers in order to inform our priorities for the ongoing strategic development of GEPS. You may have previously participated in our parent-view conversations during parent consultation evenings, which have been incredibly valuable in highlighting areas that you thought could be improved upon - as well as helping us to celebrate the considerable successes of the children and of our school.

We would very much appreciate your time in answering the attached - very short! - questionnaire as we would like to find out how we can further develop the school's provision for the children's transition into Reception and through their first year at school.

With thanks in anticipation of your support and responses.

Kind regards

.....

- What do you think were the most important things you were informed about before your child started at GEPS in Reception?
- Now, nearing the end of the academic year in Reception, what do you feel you would like to have known - that you didn't - before your child began the year?
- What improvements (if any!) do you think could be considered for future parents with children embarking on their Reception year?
- Do you have any other comments you would like to make? Please tell us here:
