TAKEHOME

Can anyone be a hero?

In the news this week

Wales' Chief nursing officer, Sue Tranka, has said that depicting nurses as superheroes has added pressure onto already exhausted workers. Ms Tranka added that the NHS faced an unsustainable staffing gap. There are more than 1,700 nursing vacancies in Wales, according to the Royal College of Nurses. She has said that unrealistic expectations placed on staff following the pandemic was not helping as, at the start of the pandemic, images of doctors and nurses as superheroes appeared everywhere.

Things to talk about at home ...

- > What is your definition of a hero?
- > Who are your heroes? Are they real-life people? Do you think our heroes should be real people or do you think it's okay to admire superheroes or characters too?
- > Do you have any experience of being treated by nurses or doctors or other staff in the NHS?
